

**BloodHorse.com's "Race of the Week" Analysis
by John Pricci**

August 30, 2008

**Del Mar
Races 6, 7, and 10**

Race 10, \$19,000 Maiden Claiming, 3yos and up, seven furlongs, all-weather track

Winners are where you find them, even in maiden claimers where the talent disparity is often pronounced.

In Saturday's 10th race from Del Mar, for \$25,000 3-year-olds and up at seven furlongs, such a disparity exists, even if appears to be subtle at first blush.

But not to readers of the Equiform data.

Runondemand's figures are as consistent as figures can get. He simply keeps grinding out performance numbers in the 67 range. Such consistency is laudable, especially with weaker stock.

But it was his last race that sets him apart from this group. He established a New Pace Top (NPT), by definition the fastest half-mile performance figure of his career. Given his proven consistency, it's reasonable to expect a figure of 67 once again. Given the NPT, class drop, and switch to Rafael Bejarano, it's more reasonable to expect a forward move to a career-top final figure. Should that occur, the competition will be running for minor awards.

Interesting to note, too, that trainer Tim Yakteen is a 25 percent performer, and profitable, when employing a one-class drop.

At deadline for this analysis, early line odds were unavailable. And while regular readers of this space are aware of our search for overlooked double-digit horses, that's not always possible.

Since we never try to guess with our own money, we won't gamble with yours. We're taking what we can get and will wager on Runondemand to win at odds of 2-1 or greater. Also, key (#4) Runondemand in 1st and 2nd positions only with 7, 9, 11, 12, and 14 in exactas, trifectas, and superfectas. Note that (#9) Hydrodynamic and (#11) Royal Seal are on Equiform Pattern Lines (Reversal) and are also worth win bets at 8-1 or better.

Race 6, \$27,000 Claiming, 3yos & up, six furlongs

Both (#12) Army Officer and (#5) Cavanaugh are also on reversals. There should be enough speed in here to set up their closing punch. Army Officer looks the stronger of the two based on final numbers, so we'll key off him and use Cavanaugh in the gimmicks.

Race 7, \$50,000 Maiden Special Weight, 2yos, six and a half furlongs

(#7) Johnny Be Bad is the only positive Equiform pattern in the race with a 67/66 Compression Line. Bet him to win and place at 4-1 or better.

Thank you for your interest in BloodHorse.com's "Race of the Week." On the following pages, you'll find the Equiform ratings for Races 6, 7 and 10 at Del Mar. The first set of information is called "The Shorts." Its condensed format is typically easier for novice handicappers and people new to Equiform to read. Following "The Shorts" is the same information in a different format, called "The Xtras," which simply a different format to view the same numbers shown in "The Shorts." Some handicappers find "The Xtras" format easier to read. For more information about Equiform system and for legends and pattern guides, click here or go to www.bloodhorse.com/equiform/.
